Hey, hello, friend!

I'm Miranda, a problem solver, tinkerer, software whisperer,
and <alternating title> <emoji>.

WORK

A Selection Of Stuff I've Built

Personal Date Night

For when you need a break from your partner but already got a babysitter. Now couples can go to different events in similar locations and at the same time. A group programming project with Can Rozanes, Irene Truong and Jamie Yeung.
